# **DEMOCRATS WARNED**

Must Adopt New Method Next Session.

A warning that the next Congress must tackle the big task of readjust-ing the nation's finances and its methods of appropriating money is con-tained in a statement by Chairman John J. Fitzgerald, of the House Appropriations Committee, in announcing that the session just closed appropriated the sum of \$1,115,121,408.68. Contracts involving additional appropriations in the sum of \$37,400,000 were authorized.

The appropriations of the final session of the Sixty-third Congress were approximately \$1,000,000 less than those of the first session, but the Fitzgerald statement shows that they rould have above the statement of the statement shows that they sion of the Sixty-third Congress were approximately \$1,000,000 less than those of the first session, but the Fitzgerald statement shows that they would have been about \$12,000,000 less than bills passed. These bills failing of passage, continuing resolutions were adopted making available the smaller sums carried in last year's budgets.

Congressman Frank H, Gillett, ranking Republican of the Appropriations Committee, places the blame for excess appropriations squarely upon the excess appropriations of the Situation to the pursuit until the confused bunnistration, he says, made no effort to reduce its estimates, although confidency fronted with a Treasury deficit.

BY A PARTY LEADER The House of Representatives car and must be required to curtail appropriations hereafter, declares Mr Fitzgerald.

Fitzgerald Declares Congress House must assume the task. The House, he says, cannot systematically remedy extravagance so long as eight committees have appropriating as eight committees have appropriating power and general legislation is carried in appropriation bills. Concentrated authority to economize is the suggestion made by Mr. Fitzgerald in asserting positively that there must be a change if the Government is to correct its present extravagances. rect its present extravagances.

Mr. Gillett's statement is a caustic criticism of the Democratic party for failing to carry out economy pledges after assailing the Republican party for sixteen years because of its alleged

The statements made by the ranking Democrat and Republican of the House Appropriations Committee are to be printed in the final issue of the Congressional Record, consent having been obtained in the House that each should issue an after-session analysis of the appropriations of the session. Tuberculosis Danger Slight on Railroads

The dangers of tuberculosis infec-tion in railroad travel are not as great as supposed, according to Surgeon A. D. Foster, of the Public Health Service, who has made an extensive study of

the question.
Surgeon Foster says that the Pullman
porter is more liable to infection than
any other railroad employe, because he is constantly in the coach and shakes down berths and otherwise stirs the dust. The dangers of casual con-finement witht a tuberculous person are not as grave as might be expected, he finds.

W. U. Students to Present "Sweet Lavender" to Aid Athletics.

The prettiest of George Washington iniversity's co-eds are to fill the female oles in the presentation of "Sweet Lavender," which is to be staged to-morrow and Wednesday evenings at National Rifles Armory Hall. The production will be offered by the

George Washington University Players composed of students who have had histrionic experience. The cast has been rehearsing since the middle of December, and there are understudies for every role. Alden M. Wheeler, director of the players, is maintaining the strict dis-

cipline over the embryo stars, and re-

cently there was bruited about the corridors of the university in whispered tones the story of how he had "fired" the original leading man for failure to appear at a rehearsal.

Betlow Mainch Marthinson is the lead-

ing man, and he will play the part of Clement Hale. Dorothy Wheeler, the leading lady, will fill the role of Lavender Rolt, The other players and the roles they will assume are as follows: Esther Elizabeth Galbraith, Ruth Holt; Robert L. Bailey, Bulger, the banker; Robert Meckley, Dr. Delaney; Alden M.

Wheeler, Richard Phenyl; A. F. Fred-erick, Mr. Maw, solicitor; Mrs. Corea, Mrs. Gilfillian; Dorothy McCleary, Minnie Gilfillian; Graham Hughes, Geoffrey Wedderburn, and Carl Butman, Horace Bream. John Zerbe is stage manager. "Sweet Lavender" was written by Ar-thur Wing Pinero, and translated into

The George Washington University Orchestra, under the leadership of David Davis, director, will furnish the

music.

Prof. Leslie Cleveland McNamar, who has charge of the sale of tickets, says indications are that the hall will be filled to capacity at both performances.

Proceeds of the performances will be devoted to athletics at the university and will enable the institution to replace itself on the sporting map.

#### Most Old People Are Constipated

The wear of years impairs the ac tion of the bowels. With advancing age people are disposed to restricted activity and exercise, which is responsible for the constipated condition of most old folks. The digestive organs are more sensitive to the demands made upon them and rebel! more quickly.

A mild, effective remedy for constipation, and one that is especially suited to the needs of elderly people. women and children, is the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. To Keep the Face Fresh, Clear, Youthful

More important than the cosmetic care of the complexion is its physical care. To keep the face clean, Fresh, youthful, there's nothing better than common mercelized wax. It absorbs the youthful, there's nothing better that common mercelized wax. It absorbs the soiled or faded worn-out skin particles. Cosmetics simply add unwholesomeness to the complexion. That's the difference. By all means, acquire the mercelized wax habit. It's so easy to get an ounce of the wax at the druggist's, apply at night like cold cream and wash it off next morning. There's no detention indoors, the old skin coming off so gradually no one suspects you're using anything. When in a week or two the alluringly youthful, roselike, underskin is fully in view-well, you won't want, or need, a make-up complexion after that. It must be apparent that this process means complete riddance of all cutaneous blemishes, like freckles, pimples, blotches, and biackbeads.

blackheads. For obstinate wrinkles, a face bath made by dissolving an ounce of saxolite in a half pint of witch hazel, surpasses massage cream and everything else for results.—Advt.
